Left

Left you *feel* when you need.
Left you *are* when you don't succeed.
Left you *know* when others proceed.
Left you *must* concede.

Left, discipline is what you need.
Left, ignorance is what you breed.
Left, chaos is what you heed.
Left, dependence is what you need.

Left you breed.
Left you need.
Left you heed.
Left you concede.

Discipline or you will be left.
Ignorance is all that is left.
Chaos is left.
Dependence is left.

I am a sentient being. I am capable of creating the team.
I am fulfilling dad's and mom's dreams.
I am what I want to be. I am what you should *see*.

Left you *feel* if you continue to need.
Left you *are* if you continue to plead.
Left you *know* if another succeeds.
Left you *must* lead.

Left, focus is what you need.
Left, purpose is what you need.
Left, no one is what you lead.
Left, denial is what you creed.

Left you breed.
Left you need.
Left you heed.
Left you concede.

Focus or you will be left.
Purpose is all that is left.
No one is left.
Denial is left.

I am a respectful being. I am able to create the dreams.
I am fulfilling the goals of the team.
I want to lead. I am what you should be.

Left you *feel* now you need me to feed.
Left you *are* now you heed to my lead.
Left you *know* now you plead for my deeds.
Left you *must* proceed.

Left, control is what you concede.
Left, pity is what you plead.
Left, sex is what you seed.
Left, wrong is what you read.

Left you breed.
Left you need.
Left you heed.
Left you concede.

Control or you will be left.
Pity is all that is left.
Sex is left.
Wrong is left.

I am a grateful being. I am stable and have similar dreams.
I am the guider of the dreams.
I am what it wants to be. I am what it should be.

Left you *feel* now you have been freed.
Left you *are* now you believe you will supersede.
Left you *know* because I did the deed.
Left you *must* concede.

Left, love is what you need.
Left, charity is what you need.
Left, sympathy is what you breed.
Left, hopelessness is what you seed.

Left you breed.
Left you need.
Left you heed.
Left you concede.

Love or you will be left.
Charity is all that is left.
Sympathy is left.
Hopelessness is left.

I am a disciplined being. I am able to control my dreams.
I am the leader of the team.
I am what you want to be. I am what you should be.
